A Foundation in Behavioral Health for SNHU's Center for New Americans

Project Aim: The Southern New Hampshire University (SNHU) Center for New Americans Amiko Youth Program has noticed a lack of behavioral health services available for their youth clients. Through a United Way Youth Enrichment Partnership, this project will establish a collaboration between Amoskeag Health's Behavioral Health services and the Center.

- What is SNHU Center for New Americans? What is The Amiko Youth Program?
- Who Is Amoskeag Health and what do they do?
- What is the United Way Youth Enrichment Partnership?
- How does it connect the two?
- Why this collaboration is a good idea?

Plan, Do, Study, Act

Planning:

- Who are these kids?
- What services will they benefit from?
- Contacting of Amoskeag Health

DO:

- Maslow's need assessment, observation, children's stories
- Implement agreed upon services
- Collect data on the success of the program for the study phase

Study: Projected-June 2021

- Analyze data on children who attended sessions
- Identify any children needing more services
- Use data to create chart showing success or areas for improvement

Act: Projected- June 2021

- Implement changes
- Use data to assist in grant funding and partnership extensions
- Make changes as needed
