

# Leadership Styles of Music Ensemble Conductors

**Ty Gioacchini**

M.S. in Leadership

Fall 2021

Granite State College

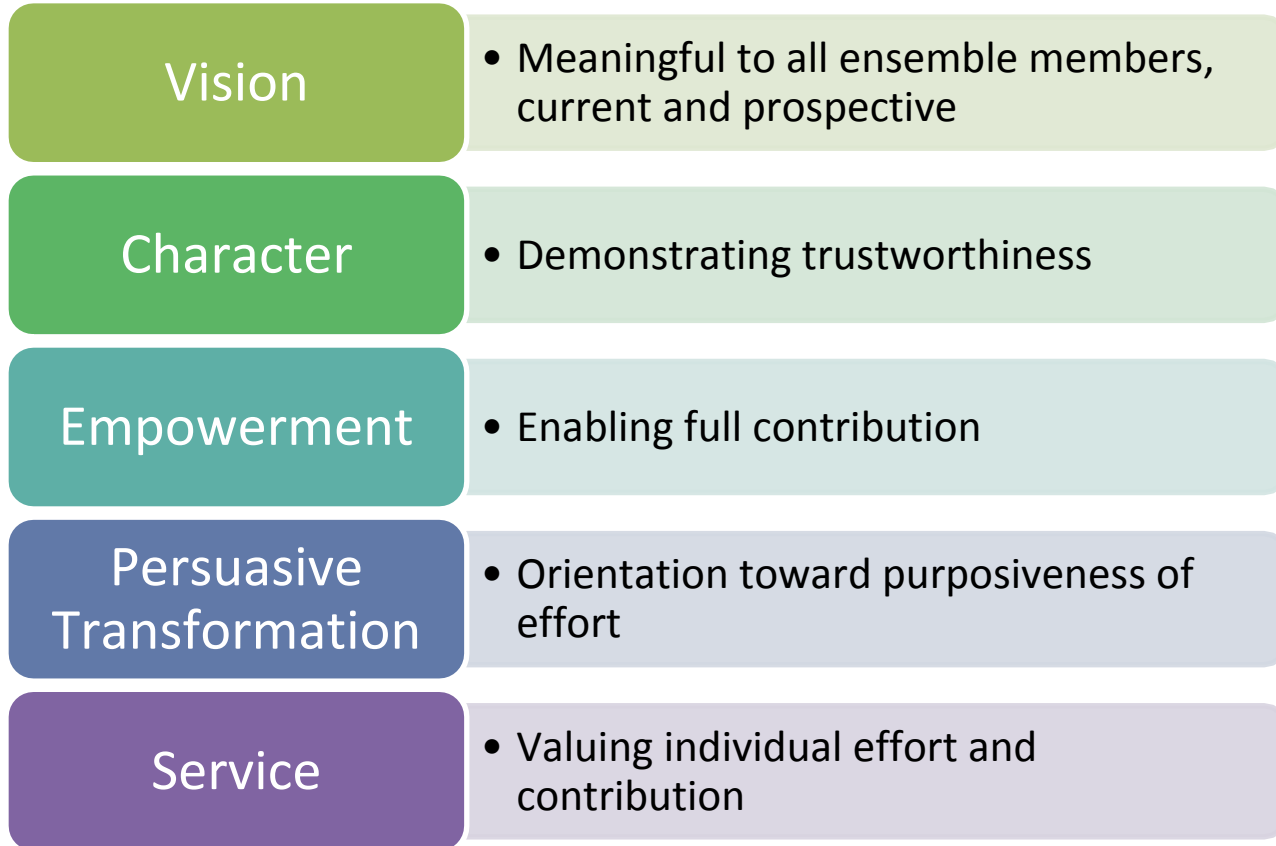

## Purpose of Research

- Practical, real-world examples support understanding
- Common resources focus on corporate and government settings
- Examples from other contexts can offer valuable insight

# Literature

- Conductors are leaders, not just the person up front
- Charismatic leadership behavior is the foundation of connections
- Servant and transformational conductors meet the needs of the musicians

## Framework and Methods

## Results

- Vision: interwoven with membership
- Trust and Character: important for participation
- Empowerment: value contributions by providing opportunities
- Persuasive Transformation: keep the vision in focus
- Service: foster a culture that supports people to give their best effort

## Conclusion

- Conductors are leaders
- We can look to them for way to manifest leadership behaviors
