

Development of a Cooking Website

Julie Doyle

MS in Project Management

2017

GRADUATE STUDIES
Granite State College
UNIVERSITY SYSTEM OF NEW HAMPSHIRE

Project Overview

- It all started over Thanksgiving....
- Existing recipe websites are too simple and do not allow for flexibility, advance planning, and tracking.
- Develop a cooking website that will allow cooks to create new recipes, track their recipe history, and refine existing recipes.
- Additional Website Features:
 - Friending
 - Blunders
 - Multiple Images
 - Grocery list
 - Calendar
 - Ad or Ad Free
 - Sort and Search
 - Commenting

Current State and Lessons Learned

- Current Status
 - Design Aspects
 - Create, Edit, and Delete Recipes
 - Private Recipe section
 - Copy recipes to create new versions
 - Share links on Facebook and Pinterest
 - Comment on recipes
 - Notes on recipes
 - Sort and Search
- Lessons Learned
 - After work projects will take more time
 - Family and Friends are still project team members
